Trump's tariff announcement send shockwaves across global economy. The higher reciprocal rates targeting nations that Trump administration labels the worst offenders are based on a government tally of the levies and nontariff barriers those countries impose on US goods

The imposition of US tariffs is expected to significantly dampen growth prospects for Indian information technology (IT) companies in key sectors such as manufacturing, retail, and consumer packaged goods (CPG) in the US.

As the United States (US) imposes reciprocal tariffs on India, expanding the production-linked incentive (PLI) scheme may be key to upholding the ambitious 'Make in India' initiative and mitigating the potential trade impact, say experts.

India on Thursday urged the Brics (Brazil, Russia, India, China and South Africa) to mobilise \$1.3 trillion to strengthen climate financing mechanisms and achieve global sustainable commitments.

A parliamentary panel on rural development has demanded that wages under the flagship MGNREGA scheme should be raised to at least Rs 400 per day, as the current rates are inadequate to meet even basic daily expenses.

The reciprocal tariff threat has turned out to be real, and the gems and jewellery sector is seen among the worst affected. India's diamond industry views the reciprocal tariff as a significant burden on Indian exporters.

India accounted for one-third of new global coal proposals in 2024, with 38.4 GW capacity, the highest since 2015, according to the latest report by the Global Energy Monitor.

The reciprocal tariff announced by the Trump administration can shave off India's GDP growth rate by up to 50 basis points to 6 per cent and the country's exports to the US could fall by 2-3 percentage points in the current fiscal, experts said.

Semiconductors have been excluded from the US President Donald Trump's latest round of reciprocal tariffs.

Bajaj Finance's customer base expanded to 101.82 million by March 2025, up from 83.64 million a year ago. The company booked 10.7 million new loans in Q4, marking a 36% increase. Its assets under management surged 26% YoY to Rs 4.17 lakh crore.

Avenue Supermarts posted a 16.7% YoY increase in standalone revenue for Q4 FY25, reaching Rs 14,462 crore. The company also expanded its retail footprint to 415 stores.

RBL Bank reported 7% YoY and 4% QoQ growth in total deposits, reaching Rs 1.10 lakh crore. CASA deposits rose 4% YoY and 8% QoQ to Rs 37,884 crore, though the CASA ratio dipped slightly to 34.1% from 35.2% last year.

Jupiter Wagons' subsidiary, Jupiter Tatravagonka Railwheel Factory (JTRF), has secured land in Khordha, Odisha, for its upcoming railwheel & axle forging plant. JTRF plans to invest Rs 2,500 crore in phases to develop this facility. The plant is expected to produce 1 lakh forged wheelsets annually.

UltraTech Cement approved the acquisition of 6.42 crore equity shares of Wonder WallCare, for an enterprise value of up to Rs 235 crore.

Jio Financial Services and BlackRock have subscribed to and been allotted 6.65 crore equity shares of Jio BlackRock Investment Advisers, a 50:50 joint venture between the company and BlackRock, for Rs 66.5 crore.

US FDA conducted an inspection at Alivus Life Sciences' API manufacturing facility in Ankleshwar, Gujarat, issued an Establishment Inspection Report with a Voluntary Action Indicated status.

Paras Defence and Space Technologies has signed a strategic Memorandum of Understanding (MoU) with Israel-based MicroCon Vision.

Surya Roshni has received an order worth Rs 116.15 crore from GAIL India for the supply of HFW 355.60 X 8.7 & 10.3 WT, GR X-70 PSL-2, coated pipes.
